

## Lili Candy

Lili Candy is a sweet treat on the wrist, leaving the garden for the candy store, it captures all the juicy plumpness of a sweet in its dainty 33 mm diameter.

This pick-and-mix of gold, diamonds, opals, topaz and amethyst is a joyful and mischievous creation that harnesses the Maison's unique savoir-faire.

The developing of new tools and techniques were necessary to realise this crazy dial along with a hefty dose of patience, but we feel the work was largely worth it !
