這並不是腕錶

THIS IS NOT A WATCH

是基於什麼令 Beaugard 在眾多腕錶品牌中脫穎而出？因為 Beaugard 就是高雅名貴、純正藝術、複雜技術及精湛工藝的代名詞。在背後默默驅動這高級腕錶品牌的誕生及成長，激發品牌團隊創意理念的就是著名及才華洋溢的製錶師、設計師及品牌創辦人 Alexandre。

腕錶就是 Alexandre 的創作天地。17 歲始，Alexandre 已著手創製獨特的腕錶。20 年後，他於日內瓦成立 BEAUREGARD 公司。他顛覆傳統，將珠寶及腕錶優雅地結合，以嶄新方法演繹珠寶腕錶，開創美學新時尚。

獨特、現代、奢華是 Beaugard 的標誌。Alexandre 對寶石的酷愛，促使 Dahlia 大麗菊系列的誕生。系列中每一款的腕錶均是人手製造，儼如迷你寶石花園。Alexandre 將腕錶藝術性推臻至極致。

在 Beaugard 的天地裏，每一枚飛行陀飛輪腕錶揉合靈巧的設計及有罕有的寶石；每一枚腕錶是複雜技術及精湛工藝的珠聯璧合。每一枚腕錶均是人手製造及鑲嵌，瑞士就是他們的搖籃地。

Mention the name Beaugard, it is a brand synonymous with luxury, artistic purity, technical complexity and exquisite craftsmanship. The creative force behind the high-end watch brand is, Alexandre, a talented and renowned watch maker and designer. As the founder of Beaugard, Alexandre is instrument in raising the brand's wider profile.

Watch is an outlet for Alexandre for his creativity. Alexandre started making atypical timepieces when he was 17. 20 years later, he founded BEAUREGARD SA in Geneva. Reinterpreting the traditional idea of a jewellery watch, Beaugard brings watchmaking and jewellery together in an entirely new way.

Distinctive, contemporary and unquestionably precious, Beaugard's watches are immediately recognizable. Alexandre's unwavering passion for beautiful stones became the impetus for the creation of the dahlia collection. Each dahlia is a meticulously handcrafted piece unique featuring an irreplaceable miniature garden of gems. Alexandre displayed a natural artistry for watch design.

At Beaugard, each flying tourbillon watch is an extraordinary pairing of ingenious design and rare gemstones. It is the perfect combination of technical complexity and exquisite artistry. Each piece is entirely hand made and assembled in Switzerland.

這並不只是一枚腕錶。這是令人嘆為觀止的藝術品，這是複雜宏大的機械方程式。

That isn't merely a watch. That is great piece of art; that is grand mechanics.
