The best metiers d'art masterpieces unveiled at Watches and Wonders 2024

Nine ultra-limited watches showcase rare and technically demanding decorative crafts ranging from marquetry to enamelling to gold sculpting.

The fruit of several years of R&D, the Ulysse is a collaboration between brand founder Alexandre Beauregard and lauded watchmaker Vianney Halter. Inspired by Art Deco and the organic beauty of the marine universe, this 41mm creation features 68 pieces of flawless aquamarines set within intricate rose gold lacework to achieve a stained-glass dial effect. Vianney's famous mysterious automatic movement takes the watch's brilliance to the next level.
